Tuesday 24th May

As a special event to acknowledge International Clinical Trials Day in May, the Austin Office for Research and Cancer Clinical Trials Centre are delighted to introduce

DR HUGO STEPHENSON  
MD, Executive Chairman, DrugDev Innovation Lab

Presenting:

Technology and its future in Research

Tuesday 24th May   11:00-12:30pm

LECTURE THEATRE  
Education Precinct, Level 4 Austin Tower  
Morning tea will be provided

This session will address what technology is available and how it’s currently being used. What are the challenges, and how to be ready when it arrives at your site’s doorstep?
